1-Nicolas DORRE was born about 1663 in Obervisse, France and died on 16 May 1755 in Obervisse, France about age 92.

Nicolas Dorr was a master tailor in Obervisse, France. It's in the Lorraine region in northeastern France and borders both Belgium and Germany. Nicolas married Catherine Decker in Bouchepon in 1703. They had five children, the second being Jean Jacques, who is in our lineage.

The following email gave us the first solid information about the Dorr family in France:

*Hello*

*My name is Patrick NICOLAS, and I'm living in Nancy (Lorraine) and I'm fond of genealogy since many years. I found your site with google, because I'm interested by the Dorr family, since I've got some Dorr in my own tree.*

*I went to the Municipal archives and I didn't found the birth of Louis Dorr on the year 1816.*

*But I found a Louis Dorr, born on 9-12-1816, in MORHANGE, and he has got a brother Victor; born on 3-2-1808 in MORHANGE also and a sister Rosine, born on 3-9-1806, in MORHANGE too.*

*His brother Victor was married with Elisabeth SCHOUMERT, and had a daughter, named Victorine, born on 7-17-1838.*

*The father of Louis, Victor and Rosine and others, was named Mathias (instead of François) and was married with Marie-Marguerite CLOSSET on 8-31-1801 in MORHANGE.*

*Louis's mother died in 1828 and his father got married again with Catherine HUMBERT, on 10-20-1830 in DIEUZE (Moselle).*

*I noticed that on the passengers'list of the Hanover Ship, the line above the Louis'one is HUMBERT, like his stepmother. Maybe, This HUMBERT was a brother of his stepmother ?*

*About Victor, he lived after in NANCY and he was a cloth maker. He was rich, apparently.*

*Victor DORR and his wife, Elisabeth SCHOUMERT, are the ancestors of Ségolène ROYAL. Do you know her? She is an important political leader and was candidate to the recent presidential elections in France against Nicolas SARKOZY. Furthermore, she was living in the same village as me (CHAMAGNE). I was looking for her genealogy when I found your site. Click on the link below to discover your famous cousin.*

*<http://www.geneastar.org/liste.php3?nom=royal&x=8&y=8>*

*I noticed that the families BENAL & HERIC are often from the same village: GUERMANGE (Moselle) but I didn't find anything about Françoise BENAL.*

*I hope that the french informations will interest and help you.*

*Yours sincerely,*

*Patrick NICOLAS*

Nicolas married Catherine DECKER in 1703. They had six children: Anne Marie, Jean, Jean Jacques, Catherine, Pierre, and Suzanne.

2-Anne Marie DORR was born in 1707 and died in 1749 at age 42.

2-Jean DORR was born in 1708 and died in 1798 at age 90.

2-Jean Jacques DORRE was born on 5 Feb 1711 in Obervisse, France and died on 11 Dec 1771 in Varsberg, France at age 60.

Jean Jacques married Marguerite Paulus from Varsberg, a town approximately 5 miles northeast of Obervisse. Today Obervisse has a population of 120 while Varsberg has a population of approximately 2,500. He became a tailor, innkeeper, and merchant. He evidently moved to Varsberg where the next three to four generations of Dorrs lived. They had six children, the first of whom, Jean Pierre, is in our lineage.

Jean married **Marie Marguerite PAULUS**. Marie was born on 10 May 1710 in Varsberg (57, Moselle), France and died in 1766 at age 56. They had one son: **Jean Pierre**.

3-**Jean Pierre DORRE** was born on 4 Dec 1734 in Varsberg, Moselle, Lorraine, France and died on 29 Sep 1811 in Saint-Avoid (57, Moselle), Lorraine, France at age 76.

Jean Pierre married twice, the second time to Catherine Elisabeth Weber from Varsberg from whom we descend. During this time some of the Dorrs went into the cloth making field and evidently became well off. Jean became a tailor and an inn keeper. Jean Pierre's brother, Nicolas, became the mayor of Varsberg.

Jean married **Catherine Elisabeth WEBER** in 1763. Catherine was born in 1736 and died on 10 Oct 1787 in Varsberg (57, Moselle), France at age 51. They had five children: **Mathias, Anne Marie, Jean Adam, Ambroise**, and **Catherine Elisabeth**.

4-**Mathias DORR**<sup>1</sup> was born on 7 Jul 1782 in Varsberg (57, Moselle), France and died on 30 Aug 1814 in Morhange (57 Moselle), France at age 32.

Mathias Dorr hid his origins in the town of Morhange (Moselle). The Municipal records list his occupation as cloth maker and apparently he was a wealthy man. It is not clear at this time how many children Mathias had. According to the municipal records he had three children, Victor, Rosine, and Louis, all by his first wife Marie-Marguerite. After she died he married a younger woman with children of her own. A French genealogy web site shows him with seven children by his first wife. When he died there was a dispute over his inheritance which continued until 1876. The settlement was delayed due to Napoleon's defeat. It ended up that most of the inheritance was lost to an unscrupulous lawyer.

Mathias married **Marie-Marguerite CLOSSET** on 31 Aug 1801 in Morhange, France. Marie-Marguerite was born on 26 Sep 1773 in Morhange (57 Moselle), France and died on 20 Jun 1828 in Morhange (57 Moselle), France at age 54. They had seven children: **Louis Adolphe, Victor, Rosine, Cecile, Marie Anne, Jean Michile**, and **Mathias**.

5-**Louis Adolphe DORR** was born on 12 Sep 1816 in Morhange, France, died on 6 Jun 1883 in Panola Co., MS at age 66, and was buried in Davis Chapel Cemetery, Panola Co., MS.

Louis Dorr was born in Morhange, Mosele, France on 12 September 1816 in the area of Alsoues, Loraine. His father was a draper and quite wealthy and there are stories that Louis was educated at the University of Paris. There is no documentation for this fact. He was somewhat of a scholar and speaks not only French, German and English with excellence, but can also make his way in two or three other European idioms. Before he moves to America, his mother dies and his father marries a younger woman with children. His stepmother also dies before his father's estate is settled, which complicates the estate. Evidently her children contest the original will.

There are two different versions of why Louis comes to America. First is that he is a court gentleman and is required to serve five years in the king's army. He decides to come to America instead of serving in the army. He meets Frances on the boat to America and they are married when they arrive in Mobile, Alabama.

The other version is that his stepmother's children contest his father's estate. It appears that it could be contested for a long period of time, and Louis decides that he could do better by coming to America instead of waiting for his inheritance.

There is no documentation for either version.

Upon arriving in Mobile, Alabama, Louis Dorr and Frances Benal are married on 7 June 1841. Based on

the ages of Louis' children in the 1850 census, it appears that he and the family move to Kemper County between 1844-1847. Louis' first three children, Selvy, Albert, and Narcissus, are born in Alabama. Lands records exist showing that Louis obtained 40 acres in Kemper County, Mississippi on 1 April 1856. Of the 12 children that Louis and Frances had, all are born except Eugene by this time.

Apparently Louis serves in the Confederate Army in 1861 and 1862. Source: [www.rootsweb.com/~mskemper/military/5thcoi.htm](http://www.rootsweb.com/~mskemper/military/5thcoi.htm)

Louis corresponds with his brother Victor in France regularly. His main interest in these letters is the status of their inheritance, and he is always interested in how the family was. Another common subject is that he is unhappy where he was and plans to move. He also writes regularly to a Madame Heric in New Orleans. It is not clear who she was, but in a letter dated 27 March 1871 he refers to her as "Sister." Also Frances writes to her so she may have been Frances' sister. Madame Heric is married and has children. She sends Louis newspapers from New Orleans, which are his only source of information about what was happening in France. He especially wants news when the Prussians invade France. The fall of France and Napoleon seems to upset him. Copies of the letters written from 1868 to 1879 exist and are the basis of the following information about Louis and his family.

Victor sends Louis money during 1866-1868. It is unclear if this is from their father's estate or personal loans from Victor. In one of the letters Louis comments that his stepmother had been very generous to the children of Fanfare. Was Fanfare Louis' mother?

It appears that in 1868 Louis writes that he is interested in obtaining an additional 160 acres in Kemper County, but at the same time he is writing to friends that he might move to Florida or Arkansas. He evidently has a poor crop and says that sickness was rampant there. Also he is not happy with the Negro situation after emancipation. In general he always wants to be somewhere else. By March 1870, Martin is in Arkansas; Norman, Albert and "the widow" (?) are in Texas. Narcissus has his own place 2 miles away and works with his father for part of the crop. Louis tries to get Narcissus to move to Arkansas, but he will not move.

In late 1870 or early 1871 Louis moves to Panola County, Mississippi and buys 120 acres on top of the bluff overlooking the Mississippi swamp for \$2,200. This is approximately 15 miles west of Sardis, Mississippi. He writes Victor that his mailing address was Star Place, Panola County, United States. At the time he moved he was living 3 miles northeast of Tamola Station in Kemper County. Narcissus rents 30 acres of bottomland 2 miles from his father. Martin returns from Arkansas and is working with Narcissus. Norman also returns from Texas with his wife.

Louis tells Victor that his crop was excellent that year, but there was much sickness being so close to the swamp. Ed and Narcissus get the mumps; Norman's wife dies and Narcissus loses his boy. Due to all of the illness after just one year at the bluff, he decides to buy 200 acres approximately 8 miles from where he is for \$3,000. He mentions that he was tired of paying the doctor half of his profits. Martin stays with Louis and rents 20 acres of his father's land. Ed works for Louis and receives \$20 a month. Narcissus and Norman rent "a good little place near here." At this time he writes, "our family of 12 children are all living and four are married and live with or near us, except for Albert, who has been in Texas 5 years." In October 1873 he writes Victor, "we have made an excellent crop. Our cotton crop brought \$4,000 and we are doing very well, but I am getting old and I do not think I will last long." In every letter he asks for information on the family in France. He has become a trustee for the school at Bishop.

In March 1874 he writes that "I am getting too old for the work of the farm, and I have rented it to three of my sons for 300 piastres a year." He reserves 3 acres for his flower garden to have something to keep him busy. Jenny Ruth says, "He planted his yard as the castle gardens in moons, crescents, and stars and his people in France sent Seeds and Bulbs." He says that his eyesight is becoming very bad and Francoise is as fat as a little pig. Narcissus buys 80 acres adjoining his father's place for \$900. In 1875 he writes Madame Heric that they have been able to save 3,000 piastres since moving to the

# Descendants of Nicholas Dorr

current farm. He also tells her, "We are doing well at the moment. Our crops this year are excellent, better than I have seen in 15 or 20 years." Norman now rents land from Narcissus and is working on his own house. Henry now stays with Narcissus.

In 1876 Martin becomes ill and Louis writes, "There is no improvement with him yet and I fear that there is no cure for him. His brain is badly affected and unless there is a change for the better soon, I am afraid he will lose his mind." Narcissus and Ed are doing very well and they buy another 160 acres. Also in 1876 Louis learns that the major portion of his father's estate has been lost to an unscrupulous lawyer.

In October 1877 he writes, "I am too old to have anything to do with the farm, and I have concluded for the boys to divide the farm among themselves by paying a small rent to defray the expenses on the place." By now both Ed and Norman have been able to buy land. Rufus and Henry have rented a plantation of 120 acres. Martin lives with Louis but works for Narcissus. Eugene is the only one home with his parents at this time. In 1879 Albert asks his father to send him money so he can return home.

The 1880 census shows that all of Louis' children are living in Panola County. Narcissus has married and has five children, Norman is married with three children, Edward is married with three children, Henry is married and Sylvia is married and has three children. The other children are farming/living with Louis. Louis is now 64 years old and has 14 grandchildren.

His letters end in 1879.

## Paul Dorr's Comments

Grandpa headed out for (let us hope) a better clime about 1883. I never knew him. His epitaph says (with which my father seemed to agree) that he was a loving husband and an indulgent father. He was somewhat of a scholar and spoke not only French, German and English with excellence, but could also make his way in two or three other European idioms. I have been informed that he was more-or-less a Freethinker, having little regard for the dogmatism of religion, taking the Life of Jesus as an example, and considering the essence of true religion to be morality and kindness. I get the im-pression that this is about the view of my correspondent (Raoul) in France. Grandma was a very fine character, with a wide-embracing love for, and a universal interest in, ALL of the grandchildren. She stored in the cellar barrels of apples every year, and whenever we went to see her Aunt Lilly would go down - often taking us with her - and fetch up apples for us. The two maiden aunts and Uncle Martin lived with Grandma. Your father and mine, and their other brothers, had for their mother almost a reverence.<sup>2</sup>

Louis married **Francoise "Fannie" BENAL**, daughter of ? **BENAL**, on 7 Jun 1841 in Mobile Co., AL.<sup>3</sup> Francoise was born on 5 Jun 1821 in France, died on 10 Jan 1901 in Panola Co., MS at age 79, and was buried in Davis Chapel Cemetery, Panola Co., MS. They had 12 children: **Narcisse "Narcissus" Louis, Sylvia Marcellia, Albert Jacob, Norman Franklin, Martin Cullen, Edward Charles, Henry James, Rufus Marion, Frances "Fannie" (S. F.), Eugene Emile, Mary Louisa "Ninny," and Susan Lilla "Lillie"**.

6-Narcisse "Narcissus" Louis DORR was born on 2 Dec 1844 in Mobile, AL, died on 5 Mar 1916 in Panola Co., MS at age 71, and was buried in Davis Chapel Cemetery, Panola Co., MS.

Narcissus' parents, Louis and Frances Dorr, arrive in America at Mobile, AL in 1840 and marry in 1841. He is born on February 2, 1844. At the time he has a two-year old sister Sylvia and a one-year old brother. Sometime after Narcissus is born but before 1847, the family moves to Kemper County, MS. We know this because the record of his brother Norman's birth shows him as being born in Kemper County.

Very little is known of Narcissus' younger days. He has four sisters and seven brothers. He marries an Englishwoman named Sara Jane Wilkins on February 2, 1849 in Sumter, AL. Sumter is on the Alabama-Mississippi border next to Kemper County. Sara Jane is a daughter of one of Louis' neighbors.

From Louis' letters:

Narcissus has his own place two miles from his father and is working for him in return for part of the crop. His father Louis is never quite happy with where he is at the time and tries to convince Narcissus to move to Arkansas or Texas, but Narcissus refuses to go.

In early 1871 Louis and all of his children that were in Kemper County moves to Panola County, MS which is in the northern part of the state. Louis moves to a bluff that overlooks swamp country and that year they are all in poor health. Martin and Narcissus rent 30 acres of bottomland two miles from their father. They pay 50 pounds lint cotton per acre, but the land is creek bottom and never fails to make less than a bale an acre. Around August Narcissus' oldest boy Edwin dies of the flu and in October Narcissus himself becomes very ill. Martin returns from Arkansas and joins Narcissus on the farm. Evidently, due to the poor heath conditions, Narcissus is ready to return to Kemper County in the fall of 1871.

In the fall of 1872 Louis sells his land on the bluff and moves eight miles to the east. For a time Narcissus and Norman rent land in the neighborhood and work together. Later Narcissus is able to buy 80 acres of land adjacent to his father's place for \$900. His father writes, "he built a very good house on it. Part of it is creek bottom and made a bale (and made 18 bales of cotton the first year) to the acre besides plenty of corn and potatoes." Norman is working with Narcissus at this time.

In 1875 Norman rents land from Narcissus and is working on his own house. Henry is staying with Narcissus.

In 1876 Louis writes, "Narcisse and Shug [?] are well and are making money like Jews. He has paid for his place and has besides no less than 1000 dollars on interests. Henry is still working with him. All three made nearly 30 bales of cotton last year." In 1877 Narcissus and Edward buy another farm in the neighborhood, 160 acres for about \$10 an acre. Martin lives with Louis but is working for Narcissus.

Narcissus and Sara have a total of nine children, five boys, and four girls. In November 1906 Sara dies. In March 1908 Narcissus marries Lucinda "Cindy" Jackson. In 1916 Narcissus passes away and Cindy dies in 1920.

The following was written by Dad in 1988.

My father was killed at the 2nd Street hill in McAlester six months before I was born. My mother moved to Macon, Tennessee where I was born on September 3, 1918. When I was three months old we moved back to McAlester. My brother, Ernest B., was ten years older than me, and my sister Dorothy was six years older.

Mother bought a nineteen-room house and took in roomers and boarders. We were across the street from the fire station and I was the mascot of the fire department in my younger years. I went to McAlester elementary, junior high and high schools. I worked for four years during high school at Dixieana Creamery and Bender Drug as a soda jerk. I graduated from McAlester High School in 1936.

Mother and I moved to Stillwater, rented a house and took in roomers and boarders. I worked my first year at Kennicutt Drug and enrolled in Electrical Engineering. The second year I was flunking in twelve hours of EE and was kicked out for the semester. Electrical Engineering was just not for me so I enrolled in Mechanical Engineering and made the Dean's Honor Roll. I pledged Acacia Fraternity, where I became social

# Descendants of Nicholas Dorr

---

chairman, vice president and in my fourth year, president of my fraternity and also president of the Inter-Fraternity Council. During these years, I worked as fountain manager of the Midwest Creamery.

At the 1938 Acacia Christmas party I met Maxyne Zerby, who was dating my best friend Bus Walker. During the summer of 1939 I began dating Maxyne and we had a wonderful courtship. On June 1, 1940 at 9:00 PM we were married in Mr. and Mrs. Zerby's home by a blind Methodist preacher. Thirza Murphy, Ernest B. Dorr and Maxyne's brother Don Perry were present. We drove to Oklahoma City in my brother's car and arrived at the Biltmore Hotel. We spent two days at \$4 .00 per day in Room 1707. We continued working and going to school and in January 1942 I graduated.

Maxyne was pregnant at the time and didn't get to graduate. On February 15, 1942 Edward Max was born at Stillwater Hospital with brain damage that caused cerebral palsy, although it took two years before a doctor told us what was wrong.

I started to work with Phillips Petroleum Company and we moved to Oklahoma City on September 23, 1943. Dana Michael was born and a month later we moved to Wichita, where I worked as a power plant engineer for Beech Aircraft. After eleven months of this, I enlisted in the U.S. Navy with the rank of Ensign and went to Officer's Candidate School for two months at Hollywood Beach, Florida. Maxyne, Ed and Dana moved in with her folks at Perry. I was assigned to LST 817 for duty in the Pacific.

Before I left my ship pulled in to New Orleans where Maxyne came down and spent a week with me. My ship then went through the Panama Canal and up the West Coast to Seattle. Maxyne came out and spent about a month with me as I went through firefighter and navigation schools. The next eighteen months were spent in action, where I was a navigator on the 817.

All through college, Phillips and Beech I was a 35mm photographer where I made pretty good extra money. So when my ship left Seattle, I bought all the development and enlarging needs and set up in my stateroom. My only major encounter was Okinawa, where 1400 ships and troops stormed the island. I was discharged in March 1946 with the rank of Lt. (jg).

While I was away Maxyne got her degree in Art. I came back to Oklahoma City and went to work as a mechanical engineer with OG&E. We bought our first house at 2401 NE 27th. It was a two-bedroom with built-in garage, which we later turned into a den and still later built a double garage. Later we built a 20"x16" den on the back.

On May 20, 1947 our third son Patrick B. was born. During this time I continued my photo business as well as a company called Cleaning Contractors, Inc., which specialized in washing walls and ceilings and cleaning kitchen grease ducts for restaurants.

In March 1948 I left OG&E and took a job as engineer with an air conditioning distributor and contractor named C. Robert Ingram Inc. The second year I was made sales manager and had a pleasant life until November 1953, when Lewis H. Carter, Sr. and I left Ingram and started Comfort Inc. We subleased from Ingram the first year and the second year had a 10,000 square foot building built at 1808 West Main, where we stayed for ten years. At the end of this period we build a 20,000 square foot building at 100 NE 34th and later added another 15,000 square feet. We worked hard and put in many long days and weeks. Our business was very successful and we had a very good

## Descendants of Nicholos Dorr

---

reputation. We were both distributors for Chrysler Airtemp air conditioning and mechanical contractors.

On April 25, 1952 our fourth son, Jon Real Dorr, was born and on November 5, 1954 our fifth son, Kent Anthony Dorr, was born. In November 1958 we moved into our custom-built home in Wildewood, where we had six bedrooms, a swimming pool and paddle tennis court. We lived here happily until March 1970, when we moved into our custom-built 3500 square foot house in Lansbrook.

I always loved the water and boats, so in 1964 I bought a Lightning 19-foot centerboard sailboat. Maxyne didn't like jumping over the centerboard so the second year I traded it for an Aurora, a 21-foot keelboat, and joined the Oklahoma City Boat Club on Lake Hefner. I loved racing and won many trophies. As the Boat Club members began getting younger and I became older, I sold my boat to Ed and retired from sailing after about seventeen years.

At the end of 1979 I sold my Comfort Inc. interest to Carter. Although I retired, I kept my office in our building at 100 NE 34th where I come each day from 11:00 until 4:00, mainly to get away from the house, be around people and keep books on C&D Investments Company, which Carter and I started about 1961. During this time we owned two post offices in small towns, a 40-unit apartment house and about eight oil and gas wells. We still have the Comfort building, which pays Carter and me about \$25,000 a year each. This also gives me time to read the Wall Street Journal and several trade and investment magazines.

It is now 1988 and I am seventy years old and have enjoyed a very full family life and have a wonderful wife and a bunch of kids and grandkids.

For more information see "Tales of the Al Dorr Family."

Albert married **Maxyne C. ZERBY**, daughter of **Percy Brandon ZERBY** and **Ora Cecilia MILLION**, on 1 Jun 1940 in Stillwater, OK. Maxyne was born on 11 Jun 1919 in Supply, OK, died on 30 Sep 2007 in Stillwater, OK at age 88, and was buried on 6 Oct 2007 in Memorial Park, Oklahoma City, OK. They had five children: **Edward Max**, **Dana Michael**, **Patrick B.**, **Jon Real**, and **Kent Anthony**.

**9-Edward Max DORR** was born on 15 Feb 1942 in Stillwater, OK.

Although I'm still living, I am writing a summary of my life as my father did a few years before his death. During my genealogy research I have often wished I had more information about the lives of our ancestors instead of just names and dates. Also I hope this will help my grandchildren know me in the event something happens to me in the next several years. This has become more lengthy than I had planned, but since it is mainly for my grandchildren others can skip over the following.

I was born in Stillwater, Oklahoma. My father had just graduated from Oklahoma A&M and he was in a training program with Phillips Petroleum in Fairfax, Oklahoma. Mom stayed in Stillwater for my birth. Complications at birth resulted in cerebral palsy for me. While Dad was in World War II, Mother, Dana and I lived with my grandparents in Perry. In 1946, Dad took a job with OG&E and we moved to Oklahoma City. I attended kindergarten with the other kids in the neighborhood but my parents put me in a special school for the handicapped for grades 1-4. They thought that I needed the physical and speech therapy that this school provided. The school was more geared to meeting physical needs instead of academic needs, so my parents transferred me to public school in the fifth grade. My parents realized the only chance I had to have a normal life was to have an education.

I had a very good family life as a child. I ended up having four younger brothers, Dana, Pat, Jon, and Kent. I believe this was the best thing my parents could have given me. I do not remember being "protected" or needing any special care. I believe holding my own with four brothers helped me to have the initiative later in my life when I needed it. We had five boys in a three-bedroom home until my sophomore year in high school. Dad had worked as an engineer for an air conditioning and heating company. He had an opportunity to buy the company with Lewis Carter and they started Comfort, Inc. and did very well. Mom designed a six-bedroom home in the Wildwood neighborhood in Oklahoma City. Dad even put in a swimming pool.

Although I realized I was handicapped, I really did not see myself as different from other kids. My biggest problem has been trying to convince people I can do what I feel I am capable of. One of my first disappointments was not being able to play Little League baseball because the officials thought I might get hurt. Nrever understood this, we would play baseball all afternoon, but when the coaches came I could not partipate. This was the beginning of a way of life for me since people assumed I was not capable of doing most things. I was told I could not drive, but my parents always supported me and insisted that I be able to take drivers training in high school. It was questioned if I would be able to succeed in college, and Dad even thought of setting me up in a small business. I was determined to attend college and received a Bachelor of Science degree in Mathematics in 1964 from Oklahoma State University.

After graduation I was unable to find a job even though I had good grades and experience working in the OSU computing center. I was lucky that Dad had a successful air conditioning business and I was able to work there until I found something. I interviewed with the people on the governor's committee for hiring

the handicapped. After several weeks they said that they had found a job for me, but it turned out to be a janitor's job at Tinker AFB. I remember telling them something about not needing this type of help and walked out.

After a year I got a job through an employment agency with a local automobile parts remanufacturer, Unit Parts, Inc. The owner of the employment agency was in a breakfast club with Dad and the owners of Unit Parts lived in the same neighborhood as we did. Dad said he did not have anything to do with me getting the job, but I never quite believed it. At least it was a start and this was just the beginning of God using people in my life.

One weekend I went to Dallas with several of my college friends for a wild weekend. For some reason at the end of the weekend I stopped to visit a cousin of my mother's whose husband I really liked, Bob and Gloria Keefe. Bob asked if I was interested in a job at LTV Aerospace. He took me over to a friend of his that afternoon. I ended up taking a job with LTV as a mathematician developing equations that described the surface of the tail assembly of the 747 aircraft. I was not unhappy at Unit Parts, it was not a real challenging job and I thought this would be a chance to get away from OKC and would be interesting. Again God used someone to help.

At the time my best high school buddy, George Poe, was working for a company just 10 miles from LTV. He tried for months to convince me to accept a job with Fritz W. Glitsch & Sons as a computer programmer. I was not a mathematician at heart and really wanted to get back in the computer field. I finally accepted the job at a considerable increase in pay. Mike Glitsch, the son of the owner, always enjoyed using the latest technology and I ended up working with IBM to develop one of the first online engineering design tools. I played a significant role in the system programming part of this project. This opened my eyes to a whole new area of the computer field, systems programming. I enjoyed developing ideas of my own instead of programming some engineer's formulas. Again God used someone, George, in my life.

I ended up leaving the company and took a graduate assistantship at Purdue University to work on a master's degree in computer science. This really upset Dad. After all the problems I had in finding a job he was not comfortable with me leaving a good job. I received my degree from Purdue in 1970 and took a job with Control Data Corporation in Sunnyvale, CA.

A year later while attending a singles class at Peninsula Bible Church in Palo Alto I met Margie. Actually it was on a ski trip to Heavenly Valley ski resort and I spent the whole weekend trying to talk to her. We later got to know each other at the Sunday evening services. We were married in 1972 in a small church in Los Gatos, CA. All of the Dorr and Brooks families flew out for the wedding.

After six months we decided to move back to Texas and I took a job with Texas Instruments in Richardson. We wanted to live in a small town so we moved to Plano, population 25,000. The only problem is that when I retired 26 years later it had a population of over 200,000. While I was with TI we had the opportunity to work in Amsterdam for several months and lived with a Dutch family. Margie was pregnant with Tim at the time. Tim arrived in 1973 in Richardson since Plano did not even have a hospital at that time. Diane arrived in 1976 at the new Plano General Hospital.

I enjoyed the work at TI, but it was not an ideal environment. It was truly a

manufacturing complex and dirty. While in school I always dreamed of working for IBM, a top company doing state-of-the-art work. A friend of mine from church convinced me to interview with Electronic Data Systems. EDS was similar to IBM and was one of the leading companies in the management of computer systems. EDS was very conservative and required its employees to dress in dark suits with white shirts. I did not think I had much of a chance of fitting in although I always wanted to work for this type of company. Back then you had to go through three different interviews and they even interviewed your wife. They wanted to be sure that the wife realized the commitment they were looking for from her husband. They ended up offering me a job and I stayed for 22 years.

We originally moved into a small house at 2 Westlane Place in Plano. We later moved to a larger home at 2604 Briarwood Drive. The house was on a creek and I built a two-story fort for the kids down by the creek. Diane and Tim rigged up a pulley system to get our dog, Smokey, on the top floor of the fort. It was during this time that I bought Dad's sailboat and we enjoyed sailing until we moved to Pennsylvania.

In 1983 I took a position on a contract that EDS had with the Navy and we moved to Carlisle, Pennsylvania for six years. We had a couple of acres out in the country. The kids learned to ski while we were there. We lived thirty minutes from a ski lift and the school would take them up there on Fridays after school during the ski season. We got into camping while we were there and even took two camping trips to Canada.

In January of 1990 EDS moved us back to Plano. We bought a large five-bedroom home on an acre lot that the kids enjoyed, and it was ideal for teenagers. It had a large playroom with a pool table and there was a nice swimming pool with plenty of room for volleyball and other things. Tim and Diane both went to Plano East Senior High. Tim was on the wrestling team and Diane on the cross country and track teams. I bought another sailboat and we sailed until the kids left.

When we first moved to Plano in 1973 we were active in a very small church, Plano Bible Church. Dave Reimer was the pastor and we developed friendships that lasted for the next 26 years. The church eventually merged with Fellowship Bible Church, which was led by Gene Getz. We had been lucky over the years to be led to churches with great teachers. This began in Palo Alto where Ray Stedman was the lead minister of PBC. One of the main thrusts of Fellowship Bible Church was to start new churches. Margie and I with about four other couples started Bethany Bible Church in Plano.

After the kids left for college we decided we did not need such a large home. We built a small home in Mt. Vernon in east Texas and built a garden home in Plano. After a couple of years in the garden home, we bought a larger home in Plano. Going from 3600 square feet to 1700 was just too much; I always felt that I was in an apartment and I missed a nice yard.

I have always enjoyed having a building project going. I think this is one thing I inherited from Dad and the following are some of my projects: My first major project was building a greenhouse at our first house in Plano. When we moved to Briarwood Drive, I built the kids a two-story fort by the creek in the back yard. I helped Tim and a friend build a skate ramp while we were in Pennsylvania. My pride and joy was a 12x14-foot workshop that I built at our lake home in east Texas. It even had a porch on the front so that it would look similar to the house. I have installed two underground sprinkler systems and helped Dana and Jon

install a small system in Mom's back yard. I always enjoyed working in the yard when I had nothing else going on.

In 1999 EDS offered early retirement which I took. We stayed another year in Plano to try to decide where to go. We didn't like all the people and traffic in Plano and wanted to move to a smaller community. Margie wanted to be close to the grandkids, but I had no desire to be in the Atlanta area; it was too much like Dallas and it has high humidity. I always wanted to retire to a college community because I wanted to return to school and study history. I have always been a big OSU Cowboy fan. In 2000 we moved to Stillwater. We moved my mother to assisted living in Stillwater in 2002, thus I was able to be of some help to Pat and Kathy. It is unbelievable how much care they both gave Mom in her last years. Although I enjoyed taking history courses at the university, Margie never enjoyed Stillwater.

In 2006 Diane's husband, Brian, was transferred from Georgia to Fort Worth by Lockheed. They had three of our grandchildren and Tim had married while we were in Stillwater and gave us another grandson. We moved back to Texas to be with the kids and grandchildren. We bought a home at 8905 Trails Edge Drive in North Richland Hills. I missed all the OSU sports, but became involved with the White Chapel UMC, the Southlake Kiwanis and the Grapevine AMBUCS organizations and having the family together again.

I also became involved with a group of guys at a local bar near the house called Beef O'Brady. Over the years I became good friends with many of the guys and women. After Beef O'Brady's shut down, we went to Chili's, then to a new bar in the area called Chef Blythe's Bistro.

I loved to travel, but Margie did not enjoy traveling. Thus I started going on trips with the church which include Nova Scotia, Israel, Greece and Turkey. Also went on a number of trips with members of my Sunday School class which included Charlotte, NC, Savannah, and Destin. When Eli turned 16 I came up with the idea of taking each grandchild on a major trip when they became 16 and took Eli on the church trip to Greece and Turkey. Bre and I went to China in 2017. After two weeks Bre went home. Then one of my best friends from Chef Blythe's Bistro met me in Hong Kong and we partied there for a week. In 2018 I took Nick, Silas, And Diane to Denmark, Sweeden, and Russia.

In 2017 we sold the house and moved to Atria Senior Living. I was really thankful for my friends at the Bistro. The people at Atria were nice, but most of the men at Atria were older and not very active. The Bistro group gave me a chance to meet with friends most days and we did a number of activities. I took a number of trips with the guys from the bistro including Mexico, an Ohio State football game in Columbus and a number of trips to Belize.

In 2018 Diane's husband, Brian, took a job in Alabama so we moved to Frisco to be closer to Tim. Natually I found the neighborhood bar/grill, The Green Gator, and made a number a good friends there and we took more trips.

Eli McNichols loved Legos when he was five and six. On his birthday when he turned seven we were moving to Texas, so we had his birthday at a water park. We lived in an apartment for a little bit. Then we found the perfect house.

At school my best friend, Derek came to my house a lot. I stopped inviting because he only invited me over once. At recess I played chase the girls. Then I got two new best friends Nick, a second grader who was my sister's friend's brother and Jonah. I started playing soccer at recess. On Grandparents day I made a leaf pot with a fake leaf in it and two fake eyes glued on. On my next birthday we went to an airplane restaurant I saw the controls to it. For my birthday I got a kit that lets you chip away rock so that you can find a toy dinosaur that you can put together and paint! I also got a Lego Imperel lander and a Nerf gun. The Nerf gun broke so we had to get another one. It was loud and shot balls instead of bullets.

He started chess club and was very good at chess. At his first tournament he won all five games, and won the first place trophy! His rating was 800! At his second tournament he won three games and lost two games. His rating went down to 690.

Then he went to another tournament but could only play three games because of his sister's mystery party. He won two and lost one. His rating went up to 710. Then he went to see his Grandpa. Then we went to the Gorgai aquarium. He touched a starfish, a sting ray, a shrimp, a sea urchin and a hammerhead shark! He saw a swordfish and a whaleshark! He also saw penguins.

I grew up in Sardis, across the street and a few houses towards town from Mr. and Mrs. Weir Dorr. When I was an infant, they were pouring a new sidewalk in from of the Weir's house. Mr. Weir and my father put by footprint in the sidewalk; I believe it is still there. DNB

Married 3 Times, No Children

From Paul Dorr's Letter:

Married Sally Baker, a widow. [I am not sure about this lady's given name.] No children. But the widow had a stalwart son named Robert or Bob. I met him once or twice when I visited Uncle Albert after he had moved from Belmont to Tocawa Springs [orig-inally spelled Ptoawa]. He was a hunter and sometimes provided the table with deer meat, bear meat and even beaver meet. I did not like any of them; the venison tasted too gamey for my plebeian palate, the bear meat was blue in color and tough in texture, and the beaver also had a cerulian hue and was (at least, to my 'grinders") both fat and stringy. (I am preferring a hog-meat man myself a succulent slab of the lowly swine even to good beefsteak. On the contrary, Helen eschews the delights of pig anatomy except the "hind leg" and votes for the 7-rib prime beef roast and the tenderloin broil!) Bob Baker always called Uncle Albert: "Mister Dorr."

Albert married **Frances DEES**.

Albert next married **Sally\Eliza (Widow Baker) LNU** on 8 Jan 1882 in Panola Co., MS.

6-**Norman Franklin DORR** was born on 27 Mar 1847 in Kemper Co., MS and died on 13 Feb 1922 in Panola Co., MS at age 74.

From Louis' letters:

It appears that Norman went to Texas in January 1870. A letter dated March 1, 1870 Louis indicates Norman is in Texas with Albert and the widow. In the December-January timeframe of 1870 Norman leaves Texas and moves to Panola County. He is married and works for his father for part of the crop. In October of 1871 Norman's wife, Fanny, dies of childbed fever after only five days of sickness.

Norman works for his father for a fifth of the crop, but the death of his wife and his bad health since Fanny died have disgusted him with the country. He intends to go backer to Kemper shortly to regain his health and then move back to Texas spring of 1872.

But it appears that Norman stays in Panola County and his father writes in March 1872 " Norman is with me again." The next year Narcisse and Norman rent land in the neighborhood and work together.

In 1875 Narcisse buys 80 acres adjoining his farther's place, and Norman rents land from Naricisse. Norman also builds his own house that year and remarries in the fall. The following year Norman buys a good plantation about 3 miles from Louis; place for \$1800. Feb 76

The above information comes from Louis Dorr's letters.

In the 'Panola County History' on page 69 he is shown as Civil War Veteran

more of such parental firmness in these restless, revolutionary days of the sixth and seventh decades of the century]. I have often spoken of how I loved to visit Uncle Norman's household, not alone because Clinton and I were not far apart in age, but also by reason of the delicious Sickle pears that grew on their place and, in winter, the sausage Aunt Jodie cooked, so hot with cayenne pepper I wept in swallowing it. Uncle Norman was afflicted (as I was, sorely, until I came to California) with asthma, and I shall never forget the odor - I would know that pungent smell today - of burning "Schiffman's Asthma Cure." In later times I would come to Uncle Norman's house and listen to Byrd's playing of the piano. Eleanor and my oldest Sister, Marion, were of nearly the same age, as was Edna

The first reference to Martin in Louis letters is January 1870 and Martin is in Arkansas. In the Spring of 1871 he returns to Mississippi and he and Narcissus are renting 30 acres of creek bottom two miles from his father's place. When Louis moves from the bluff over looking the swamp Martin and Narcissus stays a little longer. Martin then joins his father and rents 20 acres of Louis' land.

In 1876 Martin becomes very ill, his father writes on August 14, "There is no improvement with him yet and I fear that there is no cure for him. His brain is badly affected and unless there is a change for the better soon, I am afraid he will lose his mind." Evidently Martin recovers because in September of the following year Louis writes about going fisting with Martin. In 1878 Martin still lives with Louis but is working for Narcissus.

From Louis' letters:

In 1873 Ed is working for his father for \$20 a month. In 1875 he is still working for his father for part of the crop. In 1876 he gets married and moves to his mother-in-law's. In 1877 he buys a 160 acre farm with Narcissus.

From Paul Dorr's Letter:

Married Patty (Trammel), [somebody tell me; I have forgotten]. Children. In the order of birth, I think. Male: Luther, Leon. Female: Edna, Jim [Vinnie?].

Uncle Ed and his family (before Jim made her appearance in this Vale of Tears) lived for a long time down below Grandma's house at what I shall call, for want of better information, the junction of the Hebron and Sardis [or maybe Como] - Panola road. I remember one year, when Marion and I were walking back and forth to school at Hebron, a tremendous snowstorm blew up; the snow fell until it was three feet deep in that part of Panola County. We couldn't get home from school but made it to Uncle Ed's house, where we "holed up" for two or three days. You may not know it, but Luther - who many years later became a lumber-yard foreman and estimator for Carriers, and fell into habits of speech that literally butchered and beat the English language unmercifully - was, at school in my time, a grammar sharp! It is hard to believe, but he knew the English grammar back-ward and forward; he could bound a word or phrase or part of speech north, south, east and west. Honest Injun, I am not fooling. That bird was a purist. He was such a good language scholar that the teacher had a custom of requiring him to hold "seminars" and teach the other pupils grammar out in the grove under the trees! I suppose association with illiterate or indifferent whites and negroes at the sawmill and the lumber-yard, for so many years, caused him finally to feel that grammar was a futile weariness of the flesh and that speaking pure English was pedantry!

From Paul Dorr's letter:

Married Lillie Mabry. Children: male, Paul, Mabry. Female, Marion, Margaret [yclept Maggie], Hazel, Victorine. (Uncle Rufus got burnt-out when Paul was a small boy maybe 5 years old. This child and his little sister Marion were visiting Grandma one Sunday. Their mother, I think, had gone to see her father who lived in the Eldorado neighborhood, and their father, after taking the children to visit their grand-mother, went on, unless I am mistaken, to visit one of his brothers. Shortly after he returned to gather up the two infants and take them home, a negro riding bareback

hell-for-leather turned from the road to the big gate of grandma's yard and yelled to my father that his house was burning down. Uncle Rufus (to keep the story intelligible) rushed off the steps of grandma's porch where he was sitting, the negro man tumbled from the horse and I can still see my father, heading north, his horse on a dead run - but alas! too late. Everything, even the money from his cotton crop, just sold, and the returns from which he had locked in a small cabinet (called in those days a "secretary"), went up in smoke. All of the brothers pitched in and helped Uncle Rufus build a new and simple house to house his family. I stood around, poked among the ashes, and was an infantile observer of the building; and I was not the only observer: somebody had captured a screech-owl and tied him atop a gate-post. He sat there watching solemnly, but never uttered a screech to indicate whether or not he approved the plans.

Aunt Fanny was rather timid - probably contributed to by the extreme extroversion of Joe McGuire; as a housekeeper she did not shine with exceptional brilliancy, but she was a kind and affectionate mother. When I was a very small child, Aunt Fanny and Mr. McGuire had married and were living in Coahoma County; my mother corresponded with her, telling her about my brown-to-auburn curls and my dawning intelligence [which was most probably very slow in rising above the horizon!] I found some of the old letters when I worked for Joe McGuire in the Delta many years later!
